ABOUT ME

I'm a versatile Full Stack Developer with expertise in PHP, Larave. Previously, I led a team at a content moderation social media company, ensuring market accuracy and managing multiple staff. I'm an ITAcademy bootcamp graduate, actively seeking to transition and expand my skills within the IT field. Proficient in both back-end coding and front-end design, I thrive in collaborative settings and am passionate about leveraging technology's evolution to deliver innovative and high-quality web solutions

CODE SKILLS

- PHP / LARAVEL
- SQL / MONGODB
- API RESTFUL / POSTMAN
- GIT / GITHUB
- CSS / HTML
- JAVASCRIPT / REACT (Learning)

LANGUAGES

- Fluent in English
- Native in Spanish

RODRIGO SAIZ

FULL STACK DEVELOPER

WORK EXPERIENCE

Escenit - Full Stack Developer

Feb. 2024 - Present.

- Actively contributed to diverse projects, with a primary focus on PHP development, and played a key role in implementing crucial features within WordPress environments.
- Engaged in various projects, predominantly utilizing PHP, while also spearheading implementations within WordPress.

Freelance - Full Stack Developer

Sep. 2023 - Present.

- I am currently developing a custom news website for a client. Additionally, I am preparing to enhance the Impronta Films website, focusing on optimization and aesthetics. I ensure the seamless execution of projects implementing Laravel, PHP, and SQL database.

IT Academy - Full Stack Developer

Sep. 2022 - Present.

ITAcademy, I actively participated in diverse projects.

- "ITA-landing," the institution's flagship landing page, played a key role in frontend development, leveraging React and JavaScript.
- I designed and built a versatile API-REST for a dice game using Laravel, implementing Postman for route validation, Passport for authentication, and SQL for the database.
- Furthermore, I develop a soccer league matches app to follow all the scores and matches of a league, primarily using Laravel and PHP, incorporating SQL for the database, and enhancing the user interface with Tailwind CSS.

Quality Analyst - Telus International

Sep. 2019 - August. 2023.

In this role, I collaborate with a team of six professionals, ensuring quality in the market with 120 individuals. Our responsibilities extend from the root cause analysis to develop and implement effective solutions.

EDUCATION HISTORY
